

Online Introduction to Synergetic Play Therapy

Consultations- These monthly 50 minutes are a time for you to personalize the material of the course to deepen your learning.

This time is not supervision for all of the children you work with. You will be asked to choose one or two children that you work with that you would like to focus on throughout the class. If you are not currently working with children, you will decide on another relationship that you would like to discuss as you explore Synergetic Play Therapy. As a reminder, you are required to maintain updated insurance and abide by the rules outlined by your governing board.

Your consultation sessions will either be in person or via the computer depending on where you and your consultant live. You are assigned to a Synergetic Play Therapy consultant based on the answers you provided in the survey link listed at the bottom of this page. These individuals are Certified Synergetic Play Therapists, Registered Play Therapy Supervisors and supervisors of this work. They are awesome and will be a huge asset to you throughout this course! Your consultant will contact you to schedule your consultation times closer to the start of the course.

****Consultation cancelation/ no-show policy:**

If you have to miss your Consultation, please contact your Consultant and let them know at least 24 hours in advance. Your consultations are required as a part of the program. With the exceptions of significant conflicts or in emergencies, if you do not contact your Consultant at least 24 hours in advance you will forfeit that consultation or if you want to make it up, you be charged separately for this time.
