

SYNERGETIC  
PLAY THERAPY™

## Becoming A Certified Synergetic Play Therapist™

Do you want to ....

- .... grow your capacity to be an external regulator for your clients?
- .... enhance yours and your clients interoceptive capacity?
- .... understand regression and non-verbal states?
- .... develop confidence when working with parents in the playroom?
- .... handle emotional flooding with ease?
- .... work with sensory challenges?
- .... learn directive SPT interventions?

The SPT Certification program offers all of this and so much more!

With 87 hours of content, the Certification program propels you on a journey of inquiry. You will learn about the process of neural integration that is occurring in the playroom. You will study, in-depth, the projective process and the mind, perceptions and memory, interpersonal neurobiology, and will have a transformative understanding of attachment.

But this isn't the best part of this training. **The best part is what happens to YOU!** This program is designed to not only help you learn how to facilitate your client's healing, but also awaken your authentic self and teach you how to access the truth inside ... absolutely PRICELESS!!!!

[Want to learn more?](#)

If you are interested in participating in this one-of-a-kind training program, we are accepting [applications](#) starting January 15, 2020 and through May 1, 2020.

\*Make sure to download the application before filling it out, as well, putting your name and contact information.

Please email all application to [info@synergeticplaytherapy.com](mailto:info@synergeticplaytherapy.com) and put "SPT CERT APPLICATION" in the memo line.

Don't feel ready yet?

Not a problem! Sometimes, we just need another year to get comfortable and practice before diving into a more advanced skill-set. If this is the case, you will be offered various ways in which you can continue to learn and grow. Please note that if you wait longer than 3 years to apply, you will need to retake an introductory course.
