

****The SPT Certification Program draws students from all around the world. The Synergetic Play Therapy Institute recognizes the difference in exchange rates for non-U.S. residents and has developed two pricing structures to support international students. Program cost will be determined by the student's choice of their first 3.5 day virtual retreat location. Please note: All registrations will be processed in the USD equivalent at the time of payment. This does not apply to the Application Fee.

	First Retreat in North America	First Retreat in Australia/Asia
